Part I Reporting Issuer

1	Issuer's name		2 Issuer's employer identification number (EIN)								
Pro	Shares UltraShort Naso	dag Biotechnology	26-3639581								
3 Name of contact for additional information			4 Telephone No. of contact			5 Email address of contact					
Ed Karpowicz			240-497-6487			ekarpowicz@proshares.com					
6	Number and street (or P	P.O. box if mail is not	delivered to s	lelivered to street address) of contact		7 City, town, or post office, state, and ZIP code of contact					
750	01 Wisconsin Avenue, S	Suite 1000E				Bethesda, MD 20814					
8	Date of action	9 Classification and description									
08/	18/2020		Reverse	share split and CUSIP c	hange						
10	CUSIP number	11 Serial number	s)	12 Ticker symbol		13 Account number(s)					
	74347B789	N/A		BIS		N/A					
Ρ	art II Organizatio	onal Action Attac	ch additional	statements if needed.	See bad	ck of form for additional questions.					
14	Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for										
	the action ► Effectiv	e as of the close of	business on	August 17,2020, shares	of ProS	hares UltraShort Nasdaq Biotechnology					
underwent a 1:4 reverse share split and CUSIP change. The reverse split increased the fund's price per share by a factor of 4 with a											
proportionate decrease in the number of shares outstanding. As a result, shareholders received 1 post-split share for every 4 pre-split shares											
hel	d. Post-split shares we	re priced 4 times h	igher than the	e net asset value ("NAV') of a pre	e-split share. Shares began trading at post-split					
pri	ces on August 18,2020.	The ticker symbol	for the shares	did not change. The Cl	JSIP nun	nber for post-split shares is 74347G838. For					
shareholders who held pre-split quantities of shares that were not an exact multiple of 4, the reverse split resulted in the creation of a											
fractional share. Post-reverse split fractional shares were redeemed for cash and sent to shareholders' broker of record.											
		·									

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► Each post-split share has a tax basis equal to 4 times the tax basis of a pre-split share

(400% of old basis). For shareholders who held pre-split quantities of shares that were not an exact multiple of 4, the reverse split resulted in the creation of a fractional share. Post-reverse split fractional shares were redeemed for cash and sent to shareholders' broker of record. This fractional share redemption may cause some shareholders to realize gains or losses, which could be a taxable event for those shareholders.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► Post-split (new) basis per share = pre-split (old) basis per share times 4.

For example, a shareholder with 100 pre-split shares with a basis of \$10.00 per share at the close of business on August 17, 2020, would receive 25 post-split shares with a basis of \$40 per share. While the basis per share is impacted, the basis of the shareholder's total investment remains unchanged (assuming no fractional shares result from the application of the split factor). Further, because the NAV per share increases by a factor of 4, the value of a shareholder's investment is not impacted by the reverse share split.

Part II Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based >

In general, a shareholder's aggregate tax basis in his or her shares immediately prior to the reverse share split should be allocated in proportion to the reduced number of shares under IRC sections 358, 368 and 354.

18 Can any resulting loss be recognized? For shareholders who held pre-split quantities of shares that were not an exact multiple of 4, the reverse split resulted in the creation of a fractional share. Post-reverse split fractional shares were redeemed for cash and sent for the shareholders' broker of record. This fractional share redemption may cause some shareholders to realize gains or losses. For shareholders who held pre-split quantities of shares that were an exact multiple of 4, no gain or loss would be recognized as a result of this action.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ The reportable tax year is 2020.

	Under penalties of perjury, I declare that I have examined this return, including accompanying schedules and statements, and to the best of my knowledge and belief, it is true, correct, and complete. Declaration of preparer (other than officer) is based on all information of which preparer has any knowledge.
