**2. Significant accounting policies:**

**General:** The accounting policies followed by each Fund in the preparation of its monthly account statement are in conformity with accounting principles generally accepted in the United States of America ("GAAP").

The accompanying unaudited monthly account statements were prepared in accordance with GAAP for interim financial information and as required by Rule 4.22 under the Commodity Exchange Act. These monthly account statements and the notes thereto should be read in conjunction with the Funds' most recent financial statements included in the Trust's Annual Report on Form 10-K and/or 10-Q, as filed with the SEC.

**Investment transactions and related income:** The Funds may purchase U.S. Treasury Bills, agency securities, and other high-credit quality short-term fixed income or similar securities with original maturities of one year or less. The Funds may enter into futures contracts to gain exposure to changes in the value of an underlying commodity. The Funds may enter into swap agreements for purposes of pursuing their investment objectives or as a substitute for investing directly in (or shorting) commodities, or to create an economic hedge against a position. The Funds may enter into forward contracts. A forward contract is an agreement between two parties to purchase or sell a specified quantity of a commodity or currency at or before a specified date in the future at a specified price. Please see the Trust's Annual Report on Form 10-K for more information on investments. Investment transactions are recorded on the trade date. All such investments are marked to market daily. Changes in the unrealized appreciation/depreciation between periods are reflected in the Statements of Operations. Discounts on short-term securities purchased are accreted on a yield-to-maturity basis and reflected as Interest Income in the Statements of Operations.

**Brokerage commissions and fees:** Each Fund, except the Matching VIX Funds, pays its respective brokerage commissions, including applicable exchange fees, National Futures Association ("NFA") fees, give-up fees, pit brokerage fees and other transaction related fees and expenses charged in connection with trading activities for each Fund's investment in U.S. Commodity Futures Trading Commission regulated investments. The Sponsor pays the brokerage commissions for the Matching VIX Funds.

**Management fee:** Each Fund, except the Matching VIX Funds, pays the Sponsor a Management Fee, monthly in arrears, in an amount equal to 0.95% (0.85% for the Matching VIX Funds) per annum of the average daily NAV of such Fund. The Management Fee is paid in consideration of the Sponsor's services as commodity pool operator and commodity trading advisor, and for managing the business and affairs of the Fund. From the Management Fee, the Sponsor pays the fees and expenses of the Administrator, Custodian, Distributor, Transfer Agent and the licensors for the Commodity Index Funds (Dow Jones & Company, Inc. and UBS Securities LLC, together, "DJ-UBS"), the routine operational, administrative and other ordinary expenses of each Fund, and the normal and expected expenses incurred in connection with the continuous offering of Shares of each Fund after the commencement of its trading operations. The Sponsor also pays the brokerage commissions for the Matching VIX Funds, only.

**Offering costs:** Offering costs will be amortized by ProShares Ultra DJ-UBS Natural Gas, ProShares UltraShort DJ-UBS Natural Gas, the Geared VIX Funds and the Matching VIX Funds over a twelve month period on a straight-line basis. The Sponsor will not collect any fee in the first year of operation of each of these Funds in an amount equal to the offering fees. The Sponsor has agreed to reimburse each of these Funds to the extent that its offering costs exceed 0.95%, 0.85% for the Matching VIX Funds, of its average daily NAV of each Fund for the shorter of the twelve month period following the initial sale of Shares or the period from the initial sale of Shares to the date the Fund ceases investment operations.

Pursuant to Rule 4.22(h) under the Commodity Exchange Act, the undersigned represents that, to the best of his knowledge and belief, the information contained in these reports is accurate and complete.
