- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f See the Common Stocks section of the preceding Schedule of Portfolio Investments for the representative components of the underlying reference instrument and their relative weightings.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f See the Common Stocks section of the preceding Schedule of Portfolio Investments for the representative components of the underlying reference instrument and their relative weightings.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f In order to facilitate the daily valuation of these swap transactions as of close of business New York time, one or more financial products traded on a U.S. exchange are used as the reference entity as a surrogate for the respective underlying index for the purposes of both daily valuation calculation as well as final settlement of the swap.

- a $\,$ The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f See the Common Stocks section of the preceding Schedule of Portfolio Investments for the representative components of the underlying reference instrument and their relative weightings.

- * Non-income producing security.
- (a) The security or a portion of this security is on loan at May 31, 2024. The total value of securities on loan at May 31, 2024 was \$28,885, collateralized in the form of cash with a value of \$30,076 that was reinvested in the securities shown in the Securities Lending Reinvestment section of the Schedule of Portfolio Investments.
- (b) The security was purchased with cash collateral held from securities on loan at May 31, 2024. The total value of securities purchased was \$30,076.
- (c) Rate shown is the 7-day yield as of May 31, 2024.
- (d) The Fund invests in Repurchase Agreements jointly with other funds in the Trust. See "Repurchase Agreements" in the Notes to Financial Statements to view the details of each individual agreement and counterparty as well as a description of the securities subject to repurchase.

As of May 31, 2024, the gross unrealized appreciation (depreciation) of investments based on the aggregate cost of investment securities and derivative instruments, if applicable, for federal income tax purposes was as follows:

Aggregate gross unrealized appreciation	\$ 5,806,849
Aggregate gross unrealized depreciation	(772,958)
Net unrealized appreciation	\$ 5,033,891
Federal income tax cost	\$ 15,434,691

Swap Agreements^a

Ultra Industrials had the following open non-exchange traded total return swap agreements as of May 31, 2024:

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

- ULTRA INDUSTRIALS :: MAY 31, 2024 SCHEDULE OF PORTFOLIO INVESTMENTS
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f See the Common Stocks section of the preceding Schedule of Portfolio Investments for the representative components of the underlying reference instrument and their relative weightings.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f In order to facilitate the daily valuation of these swap transactions as of close of business New York time, one or more financial products traded on a U.S. exchange are used as the reference entity as a surrogate for the respective underlying index for the purposes of both daily valuation calculation as well as final settlement of the swap.

- The security or a portion of this security is on loan at May 31, 2024. The total value of securities on loan at May 31, 2024 was \$717,066, collateralized in the form of cash with a value of \$511,189 that was reinvested in the securities shown in the Securities Lending Reinvestment section of the Schedule of Portfolio Investments and \$240,126 of collateral in the form of U.S. Government Treasury Securities, interest rates ranging from 0.00% - 6.25%, and maturity dates ranging from July 15, 2024 - August 15, 2053. The total value of collateral is \$751,315.
- Represents less than 0.05% of net assets.
- (c) Illiquid security.
- The security was purchased with cash collateral held from securities on loan at May 31, 2024. The total value of securities purchased was \$511,189.
- Rate shown is the 7-day yield as of May 31, 2024.
- The Fund invests in Repurchase Agreements jointly with other funds in the Trust. See "Repurchase Agreements" in the Notes to Financial Statements to view the details of each individual agreement and counterparty as well as a description of the securities subject to repurchase.
- All or a portion of these securities are segregated in connection with obligations for swaps with a total value of \$10,675,898.
- The rate shown was the current yield as of May 31, 2024.

Abbreviations

ADR American Depositary Receipt

As of May 31, 2024, the gross unrealized appreciation (depreciation) of investments based on the aggregate cost of investment securities and derivative instruments, if applicable, for federal income tax purposes was as follows:

Aggregate gross unrealized appreciation	\$ 8,645,101
Aggregate gross unrealized depreciation	(22,733,090)
Net unrealized depreciation	\$ (14,087,989)
Federal income tax cost	\$ 102,140,378

Non-income producing security.

Ultra Nasdaq Biotechnology had the following open non-exchange traded total return swap agreements as of May 31, 2024:

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

- Non-income producing security.
- (a) The security or a portion of this security is on loan at May 31, 2024. The total value of securities on loan at May 31, 2024 was \$8,092,917, collateralized in the form of cash with a value of \$8,300,240 that was reinvested in the securities shown in the Securities Lending Reinvestment section of the Schedule of Portfolio Investments.
- (b) The security was purchased with cash collateral held from securities on loan at May 31, 2024. The total value of securities purchased was \$8,300,240.
- (c) Rate shown is the 7-day yield as of May 31, 2024.
- (d) The Fund invests in Repurchase Agreements jointly with other funds in the Trust. See "Repurchase Agreements" in the Notes to Financial Statements to view the details of each individual agreement and counterparty as well as a description of the securities subject to repurchase.
- (e) All or a portion of these securities are segregated in connection with obligations for swaps with a total value of \$556,295,686.
- (f) The rate shown was the current yield as of May 31, 2024.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

71,000,000	=			Total Unrealized Appreciation Total Unrealized	709,198			
				Depreciation	(1,097,575)			

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f See the Common Stocks section of the preceding Schedule of Portfolio Investments for the representative components of the underlying reference instrument and their relative weightings.

- * Non-income producing security.
- (a) All or a portion of these securities are segregated in connection with obligations for swaps with a total value of \$4,647,466.
- (b) The security or a portion of this security is on loan at May 31, 2024. The total value of securities on loan at May 31, 2024 was \$2,693,181, collateralized in the form of cash with a value of \$2,407,833 that was reinvested in the securities shown in the Securities Lending Reinvestment section of the Schedule of Portfolio Investments and \$406,180 of collateral in the form of U.S. Government Treasury Securities, interest rates ranging from 0.00% 6.25%, and maturity dates ranging from July 5, 2024 August 15, 2053. The total value of collateral is \$2,814,013.
- (c) Security exempt from registration pursuant to Regulation S under the Securities Act of 1933. Regulation S applies to securities offerings that are made outside of the United States and do not involve direct selling efforts in the United States and as such may have restrictions on resale.
- (d) Represents less than 0.05% of net assets.
- (e) Illiquid security.
- (f) The security was purchased with cash collateral held from securities on loan at May 31, 2024. The total value of securities purchased was \$2,407,833.
- (g) Rate shown is the 7-day yield as of May 31, 2024.
- (h) The Fund invests in Repurchase Agreements jointly with other funds in the Trust. See "Repurchase Agreements" in the Notes to Financial Statements to view the details of each individual agreement and counterparty as well as a description of the securities subject to repurchase.
- (i) The rate shown was the current yield as of May 31, 2024.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

See the Common Stocks section of the preceding Schedule of Portfolio Investments for the representative components of the underlying reference instrument and their relative weightings.

Investments

- (a) Security exempt from registration pursuant to Regulation S under the Securities Act of 1933. Regulation S applies to securities offerings that are made outside of the United States and do not involve direct selling efforts in the United States and as such may have restrictions on resale.
- b) The security or a portion of this security is on loan at May 31, 2024. The total value of securities on loan at May 31, 2024 was \$323,168, collateralized in the form of cash with a value of \$238,128 that was reinvested in the securities shown in the Securities Lending Reinvestment section of the Schedule of Portfolio Investments and \$100,190 of collateral in the form of U.S. Government Treasury Securities, interest rates ranging from 0.00% 6.25%, and maturity dates ranging from July 5, 2024 August 15, 2053. The total value of collateral is \$338,318.
- (c) The security was purchased with cash collateral held from securities on loan at May 31, 2024. The total value of securities purchased was \$238,128.
- (d) Rate shown is the 7-day yield as of May 31, 2024.
- (e) The Fund invests in Repurchase Agreements jointly with other funds in the Trust. See "Repurchase Agreements" in the Notes to Financial Statements to view the details of each individual agreement and counterparty as well as a description of the securities subject to repurchase.

				Depreciation	(41,903)			

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

Value and

- * Non-income producing security.
- (a) The Fund invests in Repurchase Agreements jointly with other funds in the Trust. See "Repurchase Agreements" in the Notes to Financial Statements to view the details of each individual agreement and counterparty as well as a description of the securities subject to repurchase.
- (b) All or a portion of these securities are segregated in connection with obligations for swaps with a total value of \$107,562,441.
- (c) The rate shown was the current yield as of May 31, 2024.

As of May 31, 2024, the gross unrealized appreciation (depreciation) of investments based on the aggregate cost of investment securities and derivative instruments, if applicable, for federal income tax purposes was as follows:

Aggregate gross unrealized appreciation	\$ 81,280,180
Aggregate gross unrealized depreciation	(18,406,864)
Net unrealized appreciation	\$ 62,873,316
Federal income tax cost	\$ 630,941,291

Futures Contracts Purchased

UltraPro Dow 30^{SM} had the following open long futures contracts as of May 31, 2024:

	Number of Contracts				Notional Amount		Inrealized opreciation	
DJIA CBOT E-Mini Index	242	6/21/2024	U.S. Dollar	\$	46,937,110	\$	394.402	-

Swap Agreements^a

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

- (a) All or a portion of these securities are segregated in connection with obligations for swaps with a total value of \$49,191,718.
- (b) The security or a portion of this security is on loan at May 31, 2024. The total value of securities on loan at May 31, 2024 was \$2,737,240, collateralized in the form of cash with a value of \$2,715,015 that was reinvested in the securities shown in the Securities Lending Reinvestment section of the Schedule of Portfolio Investments and \$132,863 of collateral in the form of U.S. Government Treasury Securities, interest rates ranging from 0.00% 6.25%, and maturity dates ranging from July 5, 2024 August 15, 2053. The total value of collateral is \$2,847,878.
- (c) Security exempt from registration pursuant to Regulation S under the Securities Act of 1933. Regulation S applies to securities offerings that are made outside of the United States and do not involve direct selling efforts in the United States and as such may have restrictions on resale.
- (d) Represents less than 0.05% of net assets.
- (e) Illiquid security.
- (f) The security was purchased with cash collateral held from securities on loan at May 31, 2024. The total value of securities purchased was \$2,715,015.
- g) Rate shown is the 7-day yield as of May 31, 2024.
- (h) The Fund invests in Repurchase Agreements jointly with other funds in the Trust. See "Repurchase Agreements" in the Notes to Financial Statements to view the details of each individual agreement and counterparty as well as a description of the securities subject to repurchase.
- (i) The rate shown was the current yield as of May 31, 2024.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).

d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.

e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- e Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f See the Common Stocks section of the Schedule of Portfolio Investments of ProShares Ultra Energy for the components of the underlying reference instrument and their relative weightings.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f See the Common Stocks section of the Schedule of Portfolio Investments of ProShares Ultra Health Care for the components of the underlying reference instrument and their relative weightings.

- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- f In order to facilitate the daily valuation of these swap transactions as of close of business New York time, one or more financial products traded on a U.S. exchange are used as the reference entity as a surrogate for the respective underlying index for the purposes of both daily valuation calculation as well as final settlement of the swap.

a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.

b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.

- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.

- a The Fund's Swap Agreements are not accounted for as hedging instruments under ASC 815.
- b Agreements may be terminated at will by either party without penalty. Payment is due at termination/maturity.
- c Reflects the floating financing rate, as of May 31, 2024, on the notional amount of the swap agreement paid to the counterparty or received from the counterparty, excluding any commissions. This amount is included as part of the unrealized appreciation/(depreciation).
- d The Fund discloses amounts due to the Fund from the counterparty (unrealized appreciation on swap agreements) at period end as an asset on its Statement of Assets and Liabilities. Amounts due to the counterparty from the Fund (unrealized depreciation on swap agreements) are disclosed as a liability on its Statement of Assets and Liabilities. The Fund presents these amounts on a gross basis and does not offset or "net" these amounts on its Statement of Assets and Liabilities.
- e Represents the "uncollateralized" amount due from or (to) the counterparty at period end. These amounts could be due to timing differences between the movement of collateral in relation to market movements, or due to agreement provisions allowing minimum "thresholds" that would need to be exceeded prior to the movement of collateral. To the extent that a net amount is due from a counterparty, the Fund would be exposed to the counterparty by such amount and could suffer losses or delays in recovery of that amount in the event of a counterparty default.
- See the Common Stocks section of the Schedule of Portfolio Investments of ProShares Ultra Technology for the components of the underlying reference instrument and their relative weightings.
