

ANEW

ProShares MSCI Transformational Changes ETF As of 09/30/2025

ANEW invests in a global portfolio of companies at the leading edge of transformational changes in the way we live, work, and connect.

Why ANEW?

Targets High-Growth Innovation

ANEW invests in companies driving transformational changes in the global economy across four key themes: Future of Work, Genomics & Telehealth, Digital Consumer, and Food Revolution.

Sector & Geographic Diversification*

ANEW targets global leaders in both developed and emerging markets across a range of sectors and industries.

Multi-Theme Exposure

By integrating four transformational themes, ANEW offers a unique investment with long-term upside potential.

Periods greater than one year are annualized.

Performance quoted represents past performance and does not guarantee future results. Investment return and principal value will fluctuate, so an investor's shares may be worth more or less than the original cost when sold. Market price returns are based on the bid/ask midpoint at 4:00 p.m. ET (when NAV is normally determined) and may differ from your returns if you traded shares at other times. Index performance does not reflect fees or expenses. Indexes are unmanaged and cannot be invested in directly. Current performance may be higher or lower than performance quoted. For performance data current to the most recent month-end, visit ProShares.com.

*Diversification does not ensure a profit or guarantee against a loss.¹30-Day SEC Yield is a standard yield calculation that facilitates fairer fund comparisons. It reflects dividends and interest earned by the fund during the most recent 30-day period, net of fund expenses. Unsubsidized 30-Day SEC Yield represents the yield if the fund did not have a fee waiver.

²12-Month Yield represents the sum of the fund's dividends for the last 12 months divided by the sum of the last month's NAV and any capital gain distributions made over the past 12 months. ³Holdings are subject to change. Sum of weightings may fluctuate between semi-annual reconstitution dates and may be higher or lower than the indicated amounts.

⁴Sum of weightings may not equal 100% due to rounding. ⁵Sectors based on GICS Level 1 classification.

"MSCI," "MSCI Inc.," and "MSCI Index" are service marks of MSCI and have been licensed for use by ProShares. Carefully consider the investment objectives, risks, charges and expenses of ProShares before investing. This material must be preceded or accompanied by the current fund prospectus. Read it carefully before investing.

Investing involves risk, including the possible loss of principal. This ProShares ETF is subject to certain risks, including imperfect benchmark correlation and market price variance, that may decrease performance. Natural or environmental disasters, including pandemics and epidemics have been, and can be, highly disruptive to economies and markets and have recently led, and may continue to lead, to increased market volatility and significant market losses. Investments in the health care equipment and services industry, the software and services industry, and the media and entertainment industry are subject to a number of risks, including risks associated with limited product lines, technological developments, regulatory changes, the impact of research and development costs, and changing consumer preferences. The fund concentrates its investments in certain sectors. Narrowly focused investments typically exhibit higher volatility. Investments in non-U.S. securities may involve risks different from U.S. securities, including risks from geographic concentration, differences in valuation and valuation times, unfavorable fluctuations in currency, differences in generally accepted accounting principles, and from economic or political instability. Investments in emerging markets generally are less liquid, more volatile and riskier than investments in more developed markets and are considered to be speculative. Please see summary and full prospectuses for a more complete description of risks. There is no guarantee any ProShares ETF will achieve its investment objective.

Shares of any ETF are generally bought and sold at market price (not NAV) and are not individually redeemed from the fund. Your brokerage commissions will reduce returns. ProShares are distributed by SEI Investments Distribution Co., which is not affiliated with the fund's advisor.
