

PAWZ

ProShares Pet Care ETF

As of 03/31/2025

PAWZ invests in a global portfolio of companies at the forefront of the popular pet care industry.

Why PAWZ?

Long-Term Growth Potential

PAWZ focuses on the expanding pet care industry and companies positioned to benefit from the popularity of pet ownership.

Secular Tailwinds

A combination of rising incomes, increasing longevity, and falling household sizes all support the long-term outlook for pet ownership.

Diversification*

Pet care is a nascent industry that has consistently grown in the U.S. each year since 2001, including during the Great Recession, making it a compelling potential portfolio diversifier.

Performance quoted represents past performance and does not guarantee future results. Investment return and principal value will fluctuate, so an investor's shares may be worth more or less than the original cost when sold. Market price returns are based on the bid/ask midpoint at 4:00 p.m. ET (when NAV is normally determined) and may differ from your returns if you traded shares at other times. Index performance does not reflect fees or expenses. Indexes are unmanaged and cannot be invested in directly. Current performance may be higher or lower than performance quoted. *Diversification does not ensure a profit or guarantee against a loss.¹30-Day SEC Yield is a standard yield calculation developed by the Securities and Exchange Commission (SEC) that facilitates fairer comparisons of funds. The figure reflects dividends and interest earned by the securities held by the fund during the most recent 30-day period, net of fund's expenses. ²12-Month Distribution Rate represents the sum of the fund's distributions for the last 12 months, expressed as a percentage of the NAV at the announcement of the most recent distribution. ³Holdings are subject to change. ⁴Sum of weightings may not equal 100% due to rounding.

Carefully consider the investment objectives, risks, charges and expenses of ProShares before investing. This material must be preceded or accompanied by the current fund prospectus. Read it carefully before investing.

Investing involves risk, including the possible loss of principal. This ProShares ETF is non-diversified and subject to certain risks, including imperfect benchmark correlation and market price variance, that may decrease performance. Investments in smaller companies typically exhibit higher volatility. Smaller company stocks also may trade at greater spreads or lower trading volumes, and may be less liquid than stocks of larger companies. Please see the summary and full prospectuses for a more complete description of risks. **There is no guarantee any ProShares ETF will achieve its investment objective.**

The fund is subject to the risks faced by companies in the pet care industry. Although the pet care industry has historically seen steady growth and has been resilient to economic downturns, these trends may not continue or may reverse.

Shares of any ETF are generally bought and sold at market price (not NAV) and are not individually redeemed from the fund. Brokerage commissions will reduce returns. ProShares are distributed by SEI Investments Distribution Co., which is not affiliated with the fund's advisor.
